## LA Health uses medical scheme brokers to help you choose the right Benefit Option for you and your family

The role of a broker is to tell you about the medical scheme. The broker will help you to choose an Option which is affordable and that has the benefits which are right for you. You can see a broker at a group training session or at a one-on-one information session about the changes and benefits for 2012. The LA Health brokers will also sign up new members to the Scheme.

The broker must give you ongoing service and support. This is a requirement of LA Health. If you wish to make use of a broker, please sign a broker appointment form.
