

Corrections to 2012 Brochure

Member brochure

We have found the following errors in the 2012 brochures that were printed for the window period. Please note the following changes:

Page 19: under Oncology and Related Care, in the description box:

“Stem cell transplants” should read “PET scans.”

LA KeyPlus members do not have access to the Stem Cell benefit.

Page 23: Out-of-hospital Endoscopic procedures should read:

First R1 800 of the scope account paid from **MSA**. Remainder of scope account paid from MMB. Related accounts paid from and limited to funds in MSA/IPB, subject to preauthorisation.

Page 26: LA Comprehensive Option - Above Threshold Benefit (ATB)

The Above Threshold (ATB) limits should be as follows:

Member -	R9 750
Spouse/Adult -	R6 650
Child -	R2 930

Page 27: Internal Prostheses

Cochlear implants, implantable defibrillators, etc.: The limit should read **R143 000**

Plan Comparison

First page: LA Comprehensive: **same ATB limits as for page 26 given above.**

Second page: Endoscopic procedures – Out-of-Hospital

LA Active: Should read: “First R1 800 of scope Account paid from **MSA.**”

Please accept our apologies for any inconvenience these errors may have caused.
