Some of the best dental cover available

The best service and support

Cover for normal day-to-day benefits on all Options

Cover for chronic medicine for a number of chronic conditions

Excellent maternity benefits and access to exciting new baby offerings

LA HEALTH USES MEDICAL SCHEME BROKERS TO HELP YOU CHOOSE THE RIGHT BENEFIT OPTION FOR YOU AND YOUR FAMILY.

The role of a broker is to tell you about the medical scheme. The broker will help you to choose an Option which is affordable and that has the benefits which are right for you. You can see a broker at a group training session or at a one-on-one information session about the changes and benefits for 2020. The LA Health brokers will also sign up new members to the Scheme.

The broker must give you ongoing service and support. This is a requirement of LA Health. If you wish to make use of a broker, please sign a broker appointment form. Signing this form will give the broker access to your medical information.

Your broker's details are:

Broker's name:
