

LA KeyPlus acute medicine list (formulary) 2026

Who we are

LA Health Medical Scheme (referred to as 'the Scheme'), registration number 1145, is a non-profit organisation, registered with the Council for Medical Schemes.

Discovery Health (Pty) Ltd (referred to as 'the Administrator'), is a separate company and an authorised financial services provider (registration number 1997/013480/07).

Acute medicine list (formulary)

- This medicine list (formulary) contains medicine for acute (short term) use only.
- We have set the quantity of medicine for each medicine sub-category (medicine with similar therapeutic effects) according to a specified number of days. For example, a member can claim up to a maximum of 30 Moxymax 250mg capsules once every 120 days or 200ml Augmaxcil S suspension once every 120 days.

Please note: We will cover only one medicine from each medicine sub-category in the specified period. For example, we will not cover Disprin and Paracetamol within 120 days of each other because both medicines are in the same medicine sub-category.
