

LA KeyPlus Dental medicine list (formulary) 2026

- This medicine list (formulary) contains medicine for acute (short term) use only.
- We have set the quantity of medicine for each medicine sub-category (medicine with similar therapeutic effects) according to a specified number of days. For example, a member can claim up to a maximum of 30 Moxymax 250mg capsules once every 120 days or 200ml Augmaxcil S suspension once every 120 days.

Please note: You may be prescribed only one medicine from each medicine sub-category within the specified time period. For example, you may not be prescribed both Disprin and Paracetamol within 120 days of each other, as they belong to the same medicine sub-category.
