THE WELLTH FUND

The available WELLTH Fund benefit limit depends on the number of registered dependants on your membership, and their ages.

Once you and all your registered dependants have completed the appropriate screening assessment, you will have access to a combined WELLTH Fund benefit of R2 500 for every adult, and R1 250 for every child over the age of two years to a maximum overall limit of R10 000 per membership.

The per beneficiary limit depends on the age of the member or dependant at the date of expiry of the WELLTH Fund. For example if the benefit was activated in 2026:

- Children who turn two years old on or before 31 December 2027 receive the child allocation of R1 250.
- Beneficiaries who are 18 years old on or before 31 December 2027, receive the adult benefit value of R2 500.
- Children who are two years old after 31 December 2027 will not receive a fund value allocation but are still eligible to use the WELLTH Fund.

Once activated, the WELLTH Fund is available for use by all registered beneficiaries on your membership, regardless of their age. Qualifying healthcare services are covered up to a maximum of the Scheme Rate, subject to the overall benefit limit.

IMPORTANT THINGS TO REMEMBER

- Network rules apply
- General Scheme exclusions apply. If cover for specific services is not covered under the Option, you may not claim for them from the WELLTH Fund
- Medicine or ongoing treatment for a diagnosed condition is not covered from the WELLTH Fund but can be paid from your available day-to-day or other applicable benefits
- Where healthcare services are also eligible for cover from another defined risk benefit, for example the Screening and Prevention Benefit, we will pay the claim from that benefit first, and then only from the WELLTH Fund in instances where that benefit is depleted or unavailable
- Claims paid from your WELLTH Fund do not impact your day-to-day benefits
- Cover from the WELLTH Fund is subject to the Scheme's entry clinical criteria, treatment guidelines and protocols
